ACTIVITIES UNDER EACH MoU

1. PAPER PRESENTATION IN INTERNATIONAL CONFERENCE HOSTED BY INTI UNIVERSITY

DESCRIPTION

A total of 12 students were selected from the first year Electronics & Communication department for a paper presentation at the prestigious International Conference on Innovation and Technopreneurship, hosted by INTI International University Malaysia. The student paper presentation organized by INTI University helps to provide an opportunity for students to share their research and academic achievements with peers from different parts of the world. The event which is scheduled to be held on 21st & 22nd September 2023 is part of a broader student exchange program that aims to foster cross-cultural understanding and collaboration.

3. ONE DAY WEBINAR ON "SHIP BUILDING & REPAIR"

DESCRIPTION

On June 19 2023, a webinar was conducted in association with the Mechanical department of VISAT Engineering college, Elanji. The session by Mr. Tojan, Director of operations of Sea Blue Shipyard Ltd, gave students a clear idea on the latest technological innovations in ship design, construction, and repair. It was a good helping session for the students. Session mainly focused on Question & answers. It becomes more engaging with resource people.

9. WORKSHOP ON "RECENT TRENDS AND CHALLENGES IN ELECTRIC VEHICLES" UNDER NEXTGEN PRO

DESCRIPTION

On October 16, 2023, the workshop titled "Recent Trends and Challenges in Electric Vehicles" was conducted in association with the NextGenPro, EEE Department, IEDC and IIC of Visat Engineering College, Elanji. The workshop was officially inaugurated by Dr Anoop K J, Principal of Visat of Engineering college, director of VISAT Group of Institutions Mr Pramod Nair, Registrar Prof Subin P S. The main resource person, Amal Prakash, a distinguished R&D scientist at EWbackspace, led the session, providing a comprehensive overview of both conventional internal combustion engines, the possibility of electric vehicles also addressing the industry's challenges. Assistance from Alan Varghese and Akshay Anthony significantly contributed to the workshop's success.

10. JOB TRAINING Under "ASTOR LIFTS"

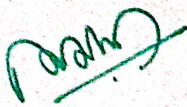

DESCRIPTION

Five second-year electrical engineering students, under the guidance of Astor Lifts in Thodupuzha, successfully undertook and completed maintenance work on our college lift during the month of May 2023. With dedication and expertise, the team addressed all issues, ensuring the lift's optimal functionality. Their meticulous approach and technical prowess not only resolved existing problems but also enhanced the overall performance of the lift. The collaboration between the students and Astor Lifts exemplifies a commendable synergy between academia and industry, providing practical learning opportunities for the students while meeting the maintenance needs of the college. This successful project serves as a testament to the students' skills, Astor Lifts' guidance, and the mutually beneficial partnerships that can be forged in the educational and industrial sectors.

18. INTERNATIONAL INTERNSHIP

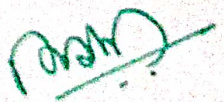

DESCRIPTION

Rajaneesh Singh Baghel, a 3rd-semester Mechanical Engineering student from VISAT Engineering College, has secured an international internship at Industrial Support Services Company L.L.C., Abu Dhabi, United Arab Emirates. This significant achievement not only highlights Rajaneesh's academic prowess but also showcases the strong support provided by UNISIS to students from VISAT. The collaboration between the two institutions opens doors for valuable experiences, fostering professional growth. UNISIS's substantial backing ensures our students have access to enriching opportunities, solidifying the bond between the institutions and enhancing the overall educational landscape for aspiring engineers.
