3. JOB TRAINING IN COLLABORATION WITH UNISIS SYSTEMS AND SOLUTIONS INDIA PVT LTD

Unisis Systems & Solutions provided an online project job training programme to VISAT ENGINEERING students (all students except first year). They conducted a screening test based on C programming to select the students. Out of 38 students, 20 students selected & they got job training with live project experience scheduled for 6 months from 21/01/2022 on every Friday from 11:40 am to 12:40 pm. United Systems & Solutions makes it easy for the business community to adopt important business processes through our integrated software solutions. Mainly, the training focused on SQL Server, Angular J S, DotNet Framework and C# Coding, HTML etc. They helped students to accelerate their digital transformations.

4. TECHNICAL TALK ON “LOGISTICS” IN COLLABORATION WITH PARAGON SAUDI SERVICES TRADING

The Department of Mechanical Engineering, VISAT organised a webinar via google meet on Logistics on 10th February 2022 (Time: 7pm to 8pm IST). PARAGON SAUDI SERVICES TRADING Company is a networking platform designed to bring together the world’s most experienced logistics companies. This industry helps professionals to collaborate, communicate, find resources, share information, and above all else, work closely together on projects. The Technical talk was delivered by Mr. Unni krishna (General Manager of Paragon Saudi Services Trading). The session consisted of studies and best practices for reducing carbon footprints, implementing eco-friendly packaging, logistics and adopting green transportation solutions.

11. SEMINAR ON INTELLECTUAL PROPERTY RIGHTS(IPR) & PATENT AND DESIGN FILING IN COLLABORATION WITH IEEE

Department of Electronics and communication in association with IEEE student branch of VISAT has organised a seminar on “IPR and Patent and Design Filing “on 30-1-2023. It was one and half hour training program for all faculties and students of VISAT. The inauguration ceremony of the event was started by the welcome speech of Christy baby (Student First Year ECE). Prof Subin(Registrar), Prof. Dr. Anoop KJ(Principal), Retd. Wing Commander Promod Nair(Director), Lt. Dr TD Subash attended the meeting. Prof. Dr. Anoop KJ presided over the meeting. The Chief Guest of the meeting was Mr. Anoop KJ, Deputy controller of Patents and Design, Indian Patent Office Chennai. He described various IPRs such as patent, design, Trademark, and the need for its protection and significance. At the end participants share feedback.

Tel No: 0485 - 2259900 / Web : www.visat.ac.in / E-Mail : office@visat.ac.in

The session started at 2.00 pm with an introductory class on Building Information Modeling (BIM) and Augmented Reality (AR) and Virtual Reality (VR). For BIM projects, construction sectors are relying more on Augmented Reality and Virtual Reality technologies. The information that the BIM modellers share gives access to the stakeholders to create, understand and visualise the BIM model through the help of AR and VR technology.

13. INTERNSHIP IN COLLABORATION WITH TECHNOVALLEY SOFTWARE PVT.LTD

TECHNOVALLEY SOFTWARE aims services, ranging from strategy consulting to technical education and undeniably the best resources ranging from experienced manpower to well-equipped infrastructure, they focusses on IT consulting & service landscape in India. The students of VISAT ENGINEERING COLLEGE attended internships under the divisions of the respective company and successfully completed with certificates. Students underwent internships for “PYTHON”, “JUNIOR HACKING SPECIALISATION”.

14. HANDS-ON-TRAINING WORKSHOP IN COLLABORATION WITH GRAPES INNOTECH

The Department of Electronics & Communication Engineering, VISAT Engineering College in association with Grapes Innotech organised a two Days Hands-on Training Workshop on “AI Based Drone Development” on 11th & 12th April 2023. The Chief Guest & Resource Person for the Skill Development Program was Mr. Binu K Jose, Founder & CEO of Grapes Innotech, Principal office at 1st floor, Nellikkattil building, Bypass Jn. Thankalam, Kothamangalam, Kerala. The workshop aims at the importance of drones and how we can be passionate about drones and start-ups. The student & resource dignitaries interacted well and they carried out the training sessions interestingly.

16. JOB TRAINING PROGRAM IN COLLABORATION WITH ASTOR LIFTS

The job training under ASTOR LIFTS gives an interaction between academia and industry, providing practical learning opportunities for the students that can be forged in the educational and industrial sectors. Five second-year electrical engineering students, under the guidance of Astor Lifts in Thodupuzha, successfully undertook and completed maintenance work on our college lift during the month of May 2023. With dedication and expertise, the team addressed all issues, ensuring the lift's optimal functionality.

19. ADD ON COURSE PROGRAM IN COLLABORATION WITH MSME - TECHNOLOGY DEVELOPMENT CENTRE (PPDC), ETTUMANOOR

MSME provides training technology centres equipped with precision machine tools and allied equipment, mainly focused on designs and manufactures. A total of 106 students were trained for a duration of 10 days during the month of June (from 17/06/2023). Students gained the knowledge of Python and AutoCAD, which helped them to stay up-to-date with the latest industry trends, technologies and best practices.

21. PAPER PRESENTATION IN INTERNATIONAL CONFERENCE COLLABORATION WITH INTI UNIVERSITY

A total of 12 students were selected from the first year Electronics & Communication department for a paper presentation at the prestigious International Conference on Innovation and Technopreneurship, hosted by INTI International University Malaysia. The student paper presentation organised by INTI University helps to provide an opportunity for students to share their research and academic achievements with peers from different parts of the world. The event which is scheduled to be held on 21st & 22nd September 2023 is part of a broader student exchange program that aims to foster cross-cultural understanding and collaboration.

This is to certify that **Mr. RAJANEESH SINGH** has successfully completed an internship in **Non-destructive Testing (NDT)** at **INDUSTRIAL SUPPORT SERVICES COMPANY L.L.C, ABU DHABI, UNITED ARAB EMIRATES** for a period of 1 month.

During the internship, **Mr. RAJANEESH SINGH** gained hands-on experience in a variety of NDT techniques, including:

- Radiographic testing
- Ultrasonic testing
- Magnetic particle testing
- Liquid Penetrant Testing
- Visual inspection
- Magnetic Flex Leakage

Mr. RAJANEESH SINGH also demonstrated a strong understanding of the principles of NDT and was able to apply these principles to real-world problems.
